

## **DYK #3: ISO 9001**

**Did You Know...** that Curtiss-Wright's EST Group's manufacturing facility is an ISO 9001:2015 registered facility? We have been audited annually and have been in compliance, passing audits continually for over three decades continuously! This demonstrates EST Group's commitment to its management system and continuous improvement. Any company that's been doing this for as long as we have is doing something right!
