

Field Services & Product Training

Field Services & Product Training

Expert Service & Technical Support - 24/7/365

Tighter budgets and schedules make it more important than ever to work with an experienced provider of heat exchanger maintenance & repair and hydrostatic testing services. When you work with EST Group Field Services, you know the job will be done right.

EST Group provides a complete range of on-site services for shell and tube heat exchangers, air-cooled heat exchangers, condensers, and oil coolers, as well as hydrostatic testing services for pipe, piping systems, and flange connections. Our trained technicians have the experience and know-how to handle the most demanding jobs safely, competently, and on time.

Our field technicians can respond quickly to meet the tightest schedules. Join our growing list of satisfied customers in the power generation, chemical, petrochemical, oil refining, pharmaceutical, industrial gas, shipbuilding, and boiler manufacturing industries.

- **Heat Exchanger Testing & Repair Services**

- Pop-A-Plug Tube Plugging
- Tube Testing & Tube Joint Testing
- Tube Sleeving & Lining
- Tube Cleaning
- Tube Sample Removal
- Visual Tube Inspection

- **Hydrostatic Testing & Pipe Isolation Services**

- GripTight full line testing
- GripTight Elbow testing
- GripTight Reverse Pressure flange weld testing
- Double Block and Bleed Isolation
- GripTight Isolation weld testing with back pressure isolation

- **Field Supervision & Technical Support**

Product Training

EST Group provides factory certified training on all EST Group products including Pop-A-Plug® Tube Plugging System and the GripTight® line of Test & Isolation plugs. Training can be conducted either in-house or on-site per customer's needs. Training can be scheduled for "just in time" situations or prior to scheduled shutdowns and/or turnarounds.

Material covered include: Pop-A-Plug installation via near-end, thru-the-tube, and air-cooled heat exchanger plugging, G-Series tube leak detection, Smart Ram usage, GripTight test plugs, Reverse Pressure test plugs, GripTight Isolation plugs, and more.

- Factory Certified Training Program
- Pop-A-Plug Tube Plugging System Training
- Test Plug Operation & Maintenance Training
- Isolation Plug Operation & Maintenance Training

Industries Served

EST Group is dedicated to providing a complete range of services and training for companies globally in the following industries:

- Power Generation
- Petrochemical & Refining
- Oil & Gas Production
- Design & Build Projects
- Shipbuilding Industry
